SERVICE LIFE**

Uncompromising user safety

Most accidents with angle grinders are caused by loss of control. Metabo focuses on prevention with numerous safety functions.

- **Reduced kickback if the disc stops unexpectedly** thanks to electronic safety shutdown
- **Safe disc stop** by means of deadman's switch and brake system
- **Safe handling when cutting and grinding** by means of perfect balance, rotating handle, ergonomic gripping surfaces and large control elements

Extremely long service life even in dusty surroundings

- Unique encapsulated Metabo brushless motor with optimised dust protection

**BRUSHLESS
MOTOR**

Passes any endurance test in professional use!

You can do all this with a single battery charge:

Cutting through 11 crash barriers

Material: Sheet steel

More than 75 roof tiles

Material: Roofing Tiles

More than 5 cuts - concrete slabs

Material: Concrete
